# the 2.6 challenge

Virtual Mount  
Elgon Climb

Could you climb  
the height of  
Mount Elgon, in  
Uganda using  
your stairs at  
home???

Mount Elgon stands at  
4,321m or 2.6 miles high

## How it works...

Date	Number of flights of stairs climbed
26/04	
27/04	
28/04	
29/04	
30/04	
01/05	
02/05	
Total	

For support with your fundraising or to request a S.A.L.V.E. T-shirt, please get in touch with [amy@salveinternational.org](mailto:amy@salveinternational.org)

- ❖ You have from the 26<sup>th</sup> April to the 2<sup>nd</sup> May to complete the challenge.
- ❖ Decide whether you will do the challenge as a (virtual) team or individually.
- ❖ To calculate the number of times you need to climb your stairs, measure the height of one step, times it by the number of steps you have and divide by 100. Then divide 4,321 by that number.
- ❖ Tell your friends and family what you are doing and ask them to sponsor you. Set up your [sponsorship page here](#).
- ❖ Help raise vital funds to give more children on the streets of Uganda the chance of a brighter future...
