

S.A.L.V.E. International UK Board Trustee Role Description

Exciting opportunity to be a Trustee on our UK board:

We are seeking to recruit a new Trustee on our UK Board of Trustees for **S.A.L.V.E. International** with a minimum commitment of 8-12 hours per month (which can be evening and weekends) based in the UK.

S.A.L.V.E. International is a small International Development charity registered in the UK and Uganda. Our ethos is “Support And Love Via Education”. We support children living and working on the streets of Uganda to have a brighter future.

At S.A.L.V.E. we believe:

- No young person should have to live or work on the streets
- Young people who have lived and worked on the streets deserve the chance to fulfil their potential
- Young people on the streets should have trustworthy, supportive adults around them

With the generous help of our supporters, S.A.L.V.E. works with children on the streets of Jinja, Uganda, so they have the opportunity to leave their difficult pasts behind them and move forward, towards a brighter future.

We have a Drop in Centre and Street Outreach services for children currently living on the streets. We offer short term residential care in our Halfway Homes or Drug Rehabilitation Centre to help a child to transition off the streets, and follow up care and support for when a child has been resettled home to their family. We also offer educational support, or business skills training where assessed to be needed to help a child to settle home successfully.

We are looking to recruit new trustees who believes in our vision that there should be “No Street Called Home” for children living on the streets in Uganda and who wants to work together with us to grow this impact and further change children’s lives.

Some of the charity’s key achievements since we began in 2008 are:

- We have supported **2,459** children living on the streets with food, counselling, education and medical care, through our Street Outreach services.
- We have resettled **671** children away from the streets back to a safe and caring family home.
- We provided **115** children with specialist treatment for their drug addiction.
- We currently support **135** children, who previously lived on the streets, in full time education.
- We have supported a further **78** young people in their education who have now graduated.
- We have trained **297** caregivers in business skills and gave them start-up capital and mentorship too.
- During the strict COVID lockdown we gave food, soap and hope to over **1,600** people in 2020 and **1,908** people in 2021.
- We have planted **5,533** fruit trees in the community.

What does being a Trustee involve?

You will join our Board of Trustees in the UK and work alongside our CEO, staff teams and Ugandan board, to help S.A.L.V.E. International to thrive and increase our impact.

Practically the role will involve:

- Responding to emails (where relevant), liaising with the CEO and other board members as needed, and championing any areas of S.A.L.V.E.'s work in which your knowledge, skills, experience and time available allow.

We also believe that it is highly beneficial for board members to visit the programme in Uganda at least once every four years to understand the work in greater depth, share their skills and to meet with team members and service users. Assistance towards your flight costs may be available, based on an application from the trustee.
